

CANADIAN WELL LOGGING SOCIETY ANNUAL UNDERGRADUATE & GRADUATE AWARDS

The Canadian Well Logging Society (CWLS) announces yearly awards for engineering and earth sciences undergraduate and graduate students in Canada. The purpose of these awards is to raise interest and awareness of careers in Petrophysics and Formation Evaluation. Formation Evaluation and Petrophysics are the studies of rocks and their fluid properties as they pertain to the oil and gas industry.

Two \$2,000 awards will go to students who submit abstract proposals of a thesis that critically examines some aspects of well logging, formation evaluation or petrophysics. Abstracts should be submitted to the CWLS in their final year of study. The CWLS will select award winners by March 31 of each year.

An additional \$5,000 will be awarded for the best thesis related to Formation evaluation and submitted to CWLS upon graduation. The final thesis can be submitted at any time in the year of graduation. The award winner will be selected in January of the following year. The winner of this award will be invited at the expense of the CWLS to make a presentation at a lunch meeting of CWLS in Calgary.

Eligibility Criteria:

- Candidates must be in their final year of study at a Canadian university.

Application Procedure:

- Completed application forms must be received before March 31. Application forms can be downloaded from this website.

- Please submit application forms by mail to :

Awards Committee, CWLS , 2200, 700 - 2nd Street S.W., Calgary,
Alberta T2P 2W1.

- Alternatively submit application forms by fax to: (403) 269-2787 .
